

Breakaway Promotion is proud to further its commitment to growing the sport by investing in the next generation of riders. In an effort to promote greater participation in gravel cycling among young athletes, Breakaway Promotion has created the **More Juniors on Gravel** program, an initiative designed to lower barriers, spark curiosity, and provide meaningful opportunities for junior riders to experience the challenge, camaraderie, and adventure that define gravel cycling. By welcoming juniors into the gravel community, we aim to inspire lifelong riders while strengthening the future of the sport.
